## Native Oak Workshop

February 3, 2018

Wa-Shawtee Lodge at Waubonsie State Park

A project of Golden Hills RC&D in partnership with The Naturalist School

### Agenda:

9:00-9:10 Welcome and Introductions

9:10-9:40 Project Background and Overview

9:40-12:00 Oak woodland/savanna ecology and oak identification (will include outdoor hike)

12:00-1:00 Lunch break (on your own)

1:00-3:00 Optional hike continuing the oak ecology and identification discussion

We will meet at Wa-Shawtee Lodge, which is located in the Wa-Shawtee Unit in the southern part of the park, at 9am. [Click here for a Google map of the location](#). The park address is 2585 Waubonsie Park Rd, Hamburg, IA 51640. The main entrance is on the south side of Highway 2. Once in the park, follow the signs to the Lodge. Here is a link to a park map that shows the location of the Lodge:

<http://www.iowadnr.gov/portals/idnr/uploads/parks/parkmaps/waubonsiemap.pdf>

We will begin indoors, but note that we will also be out in the field looking at oaks, so dress appropriately for the weather and rugged terrain. We will have some presentation handouts but it may be helpful to bring a notebook and pen/pencil. If you plan to stay for the afternoon session, you can bring a lunch or there will be a one-hour break if you need to go off-site to get food. We will have coffee available and water access at the lodge.
