

# East and West Nishnabotna River Watershed Management and Flood Resiliency Plans

Please join us for an important meeting that will help shape the future of our area to reduce flooding, improve safety, and address water quality improvement opportunities.

## ATTEND ONE OF TWO SCHEDULED MEETINGS

July 30, 2018  
7-9 p.m.

The Venue  
307 Walnut Street  
Atlantic, IA 50022

July 31, 2018  
7 to 9 p.m.

Classic Café  
317 Main Street  
Malvern, IA 51551

The purpose of the meetings is to provide stakeholders throughout the watershed an opportunity to help the planning team refine goals and objectives for the watershed management and flood resiliency plans, identify additional case study areas, and prioritize best management practices to address flooding and water quality.

This is the final round of stakeholder input before the draft plans are shared with the public later this year at open house public meetings.

For more information, contact Cara Marker-Morgan, Project Coordinator, of Golden Hills RC&D at (712) 482-3029 or [cmorgan@goldenhillsrcd.org](mailto:cmorgan@goldenhillsrcd.org).
